

## Vagone 2 (CassaD)

Scala 1:10

- Area decorabile con grafica e testi (vetri materiale microforato)
  - Non posizionare eventuali QRCode o testi estremamente piccoli sui vetri, il materiale potrebbe comprometterne la leggibilità
- Area decorabile con grafica
- Area decorabile con grafica e testi
- Area da graficare per abbondanza applicazione
- Visibile finito

- Tracciare i testi in modo da evitare che i font vengano reinterpretati diversamente
- Immagini TIFF, min 720dpi - max 1000dpi (perchè lavoriamo a scala 1:10)
- Salvare e inviare il file Illustrator in CMYK con rispettivi Links per le immagini

## Vagone 2

Scale 1:10

- Area that can be decorated with graphics and texts (micro-perforated material)
  - Do not place any QR Codes or extremely small texts on the glass, the material could compromise their readability
- Area that can be decorated with graphics
- Area that can be decorated with graphics and texts
- Area to be graphed for application abundance
- Visible Area

- Trace the texts so as to avoid that the fonts are reinterpreted differently
- TIFF images, min 720dpi - max 1000dpi (because we work in 1:10 scale)
- Save and send the Illustrator file in CMYK with respective Links for the images
